AGRIWELD

Mud Guards

Our Mudguards offer protection against dirt and debris protecting trailed implements and produce.

Constructed from high quality steel, commercial grade rubber and durable, rot-free plastic composite sheet the Mud Guards feature width and height adjustment for a tailored fit.

Standard Features:

- Width adjustment
- Height adjustment
- Tilt adjustment
- Colour choice

Optional Extras

- Custom nameplate
- Galvanised wings

3 Point Linkage

Mounts on the rear linkage leaving the PTO & towing hook free to use

Bolt/Ladder Hitch

Leaves rear linkage free.

Suitable for:
Fendt Tier 4 and up
John Deere 6 Series
